CHHATTISGARH
MOVIE SHOOTING MANNUAL

About Chhattisgarh Culture Department

INTRODUCTION

Chhattisgarh had been the centre of progress and development of several culture since the Vedic and Mythological times. The ancient temples here and their ruins indicate that Vaishnava, Shaivite, Shakta, Buddhist cultures have had influence in various periods. A resource-rich state, it is a source of electricity and steel for the country, producing 15% of the total steel. It is the ninth-largest state in India, with an area of 135,192 km² (52,198 sq mi), with a population of 32.2 million as of 2020. Chhattisgarh is the 17th-most populated state in the country.

The state was formed on 1 November 2000 by partitioning ten Chhattisgarhi and six Gondi-speaking south-eastern districts of Madhya Pradesh. The capital city is Raipur. Chhattisgarh borders the states of Madhya Pradesh in the northwest, Uttar Pradesh in the north, Jharkhand in northeast, Maharashtra in the southwest, Telangana and Andhra Pradesh in the south, and Odisha in the southeast. Currently the state comprises 28 districts.

Chhattisgarh is well known for its rich cultural heritage that reflects various aspects of this beautiful state. Cultural life of Chhattisgarh comprises varied forms of traditional art and crafts, tribal dances, folk songs, regional festivals and fairs and amusing cultural fests. Mainly, Chhattisgarh is occupied by tribal people who have preserved their rich tribal culture modestly and religiously. Eastern parts of the state of Chhattisgarh are influenced with Oriya culture. People of the state are traditional and believe in simple way of living following their traditional customs and beliefs. It can be visibly observed in their food habits, festivals and fairs, costumes, ornaments, folk dance and music as well. Chhattisgarh also hosts various cultural fests like Chakradhar Samaroh, Sirpur Mahotsav, Rajim Kumbh and other Festival and Bastar Lokotsav etc. that showcase vibrant cultural life of the state.

Chhattisgarh is the cleanest state in the category of states with more than 100 urban local bodies (ULB), for the second time, as per the 'Swachh Survekshan 2020' results announced by Union Minister Hardeep Singh Puri at the Swachh Mahotsav being organised by the Ministry of Housing and Urban Affairs.

ART, CULTURE AND ARCHAEOLOGY

The State of Chhattisgarh will identify, recognize, document, revitalize present and disseminate the continuing cultural traditions of local communities. The Department will promote textual as well as non textual traditions, collection and documentation of tangible objects as well as recollection of intangible traditions, their ex situ display as well as in situ revitalization, try to work around existing cultural landscapes, festivals and institution, rather than create new ones to replakhe them.

The functional spectrum of the Department is rather wide, ranging from generating

cultural an archaeological awareness at the grassroots level to promoting their exchanges at an international level.

The Department of Culture has undertaken different activities that include:

Maintenance and conservation of the heritage, ancient monuments and historic site of Chhattisgarh;

Promotion of literary, visual and performing arts;

Maintenance, preservation and conservation of the archival records;

Protection, conservation and documentation of cultural property;

observation of different national and state festivals;

promotion of institutional and individual initiatives in the fields of art and culture.

ETYMOLOGY

There are several theories as to the origin of the name Chhattisgarh, which in ancient times was known as Dakshina Kosala (South Kosala), The native place of bhagwan Rama as his mother name was Kausalya, daughter of Kaushal Naresh. "Chhattisgarh" was popularised later during the time of the Maratha Empire and was first used in an official document in 1795.

The most popular theory claims that Chhattisgarh takes its name from the 36 ancient forts in the area. The old state had 36 demesnes (feudal territories): Ratanpur, Vijaypur, Kharound, Maro, Kautgarh, Nawagarh, Sondhi, Aukhar, Padarbhatta, Semriya, Champa, Lafa, Chhuri, Kenda, Matin, Aparora, Pendra, Kurkuti-kandri, Raipur, Patan, Simaga, Singarpur, Lavan, Omera, Durg, Saradha, Sirasa, Menhadi, Khallari, Sirpur, Figeswar, Rajim, Singhangarh, Suvarmar, Tenganagarh and Akaltara. However, most historians disagree with this theory as 36 forts have not been found and identified.

According to the opinion of Dr. Hiralal, It is said that at one time there were 36 strongholds in this area, that is why its name was Chhattisgarh. But even after the increase in the number of strongholds, there was no change in the name, Chhattisgarh is the State of India which has been given the status of 'Mahtari' (Mother). There are two regions in India which are named for special reasons. Changed - one was 'Magadha' which became "Bihar" due to the abundance of Buddhism viharas and the other was 'Dakshina Kosala' which became "Chhattisgarh" due to the inclusion of thirty-six strongholds.

Another view, more popular with experts and historians, is that Chhattisgarh is the corrupted form of Chedisgarh meaning Raj or "Empire of the Chedis". In ancient times, Chhattisgarh region had been part of the Chedi dynasty of Kalinga, in modern Odisha. In the medieval period up to 1803, a major portion of present eastern Chhattisgarh was part of the Sambalpur Kingdom of Odisha.

GEOGRAPHY

The northern Rajnandgaon and southern parts of the state are hilly, while the central part is a fertile plain. The highest point in the state is the Gaurkata near Samri, Balrampur-Ramanujganj district. Deciduous forests of the Eastern Highlands Forests cover roughly 44% of the state. The state animal is the van bhainsa, or wild Asian buffalo. The state bird is the pahari myna, or hill myna. The state tree is the Sal (Sara) found in Bastar division.

SAL- THE STATE TREE OF CHHATTISGARH

In the north lies the edge of the great Indo-Gangetic plain. The Rihand River, a tributary of the Ganges, drains this area. The eastern end of the Satpura Range and the western edge of the Chota Nagpur Plateau form an east-west belt of hills that divide the Mahanadi River basin from the Indo-Gangetic plain. The outline of Chhattisgarh is like a sea horse.

The central part of the state lies in the fertile upper basin of the Mahanadi river and its tributaries. This area has extensive rice cultivation. The upper Mahanadi basin is separated from the upper Narmada basin to the west by the Maikal Hills (part of the Satpuras) and from the plains of Odisha to the east by ranges of hills. The southern part of the state lies on the Deccan plateau, in the watershed of the Godavari River and its tributary, the Indravati River. The Mahanadi is the chief river of the state. The other main rivers are Hasdeo (a tributary of Mahanadi), Rihand, Indravati, Jonk, Arpa and Shivnath. It is situated in the east of Madhya Pradesh.

The natural environment of Koriya in Chhattisgarh includes forests, mountains, rivers and waterfalls. Koriya was a princely state during the British rule in India. Koriya is also known for its mineral deposits. Coal is also found in this part of the country. The dense forests are rich in wildlife.

The Amrit Dhara Waterfall, Koriya's main attraction, is a natural waterfall which originates from the Hasdeo River. The fall is situated seven kilometres from Koriya on the Manendragarh-Baikunthpur road. The Amrit Dhara Waterfall falls from a height of 27 m, and it is approximately 3–4.5 m wide. Chirimiri is one of the more popular places, known for its natural environment and climate, in Chhattisgarh.

CLIMATE

The climate of Chhattisgarh is tropical. It is hot and humid because of its proximity to the Tropic of Cancer and its dependence on the monsoons for rains. Summer temperatures in Chhattisgarh can reach up to 49 °C (113 °F). The monsoon season is from late June to October and is a welcome respite from the heat. Chhattisgarh receives an average of 1,292 millimetres (50.9 in) of rain. Winter is from November to January. Winters are pleasant with low temperatures and less humidity. Ambikapur, Mainpat, Pendra road, Samri, Jashpur are some of the coldest places in the state.

TRANSPORT

Chhattisgarh has coverage of mostly two-lane or one-lane roads which provides connectivity to major cities. Eleven national highways passing through the state which are together 3078.40 km in length. However, most national highways are in poor condition and provide only two lanes for slow moving traffic. Many national highways are on paper and not fully converted into four-lane highway. This includes 130A New, 130B New, 130C New, 130D New, 149B New, 163A New, 343 New, 930New.. Other national highway includes NH 6, NH 16, NH 43, NH 12A, NH 78, NH 111, NH 200, NH 202, NH 216, NH 217, NH 221, NH30NH 930 NEW. The state highways and major district roads constitute another network of 8,031 km.

Chhattisgarh has one of the lowest densities of National Highway in Central and South India (12.1 km/100,000 population) which is similar to the North Eastern state of Assam.

RAIL NETWORK

Almost the entire railway network spread over the state comes under the geographical jurisdiction of the South East Central Railway Zone of Indian Railways centred around Bilaspur, which is the zonal headquarters of this zone. Almost 85% of tracks are electrified, the non-electrified route is Maroda - Bhanupratappur line from Durg-Bhanupratappur branch line which is 120 km long. The main railway junctions are Bilaspur Junction, Durg Junction and Raipur, which is also a starting point of many long-distance trains. These three junctions are well-connected to the major cities of India and also these station comes under the top 50 booking stations in India.

The state has the highest freight loading in the country and one-sixth of Indian Railway's revenue comes from Chhattisgarh. The length of rail network in the state is 1,108 km, while a third track has been commissioned between Durg and Raigarh. Construction of some new railway lines include Dalli-Rajhara–Jagdalpur rail line, Pendra Road–Gevra Road Rail Line rail line, Raigarh–Mand Colliery to Bhupdeopur rail line and Barwadih–Chirmiri rail line. Freight/goods trains provide services mostly to coal and iron ore industries in east–west corridor (Mumbai–Howrah route). There is a lack of passenger services to north and south of Chhattisgarh. Current train stations are mostly overcrowded and not maintained well for passengers.

MAJOR RAILWAY STATIONS OF CHHATTISGARH

- Bilaspur Junction
- Durg Junction
- Raipur Junction
- Ambikapur
- Raigarh
- Korba
- Champa Junction
- Mahasamund
- Rajnandgaon
- Dongargarh
- Gevra Road
- Pendra Road

AIR

SWAMI VIVEKANANDA AIRPORT RAIPUR

The air infrastructure in Chhattisgarh is small compared to other states. Swami Vivekananda Airport in Raipur is its sole airport with scheduled commercial air services. A massive reduction in sales tax on aviation turbine fuel (ATF) from 25 to 4% in Chhattisgarh in 2003 has contributed to a sharp rise in passenger flow. The passenger flow has increased by 58% between 2011 and November 2012.

Other major areas in the north and south of state, and industrial cities such as Bilaspur, Korba, Raigarh are not served by any airline. The majority of the population in these areas is not able to take advantage of low-cost airlines due to poor road connectivity and high cost of taxi fares. The State Government has signed a MOU with the Airports Authority of India (AAI) in July 2013 to develop Raigarh Airport, Jagdalpur, Ambikapur for domestic flights. Under UDAN regional connectivity plan Jagdalpur airport was briefly connected to Raipur by Air Odisha. Chhattisgarh which is larger than Bengal, Tamil Nadu or countries like North Korea lacks civilian airports and does not have major state-level civil aviation policy.

HISTORY

Sirpur Group of Monuments and Malhar, Chhattisgarh

Ancient and medieval history

Carved statue in the medieval city of Sirpur

Sitabega caves are one of the earliest examples of theatre architecture in India located on Ramgarh hill of Chhattisgarh dated to Mauryan period of 3rd century BCE. Jogimara caves contain one of the most ancient proclamations of love. In ancient times, this region was known as Dakshina Kosala. This area also finds mention in Ramayana and Mahabharata. One of the earliest statues of Vishnu has been excavated from Shunga period site at Malhar. Between the sixth and twelfth centuries, Sharabhpurias, Panduvanshis (of Mekala and Dakshina Kosala), Somavanshi, Kalachuri and Nagavanshi rulers dominated this region. The Bastar region

of Chhattisgarh was invaded by Rajendra Chola I and Kulothunga Chola I of the Chola dynasty in the 11th century.

Colonial and post-independence history

CHHATTISGARH DIVISION

Chhattisgarh was under Maratha rule (Bhonsales of Nagpur) from 1741 to 1845 CE. It came under British rule from 1845 to 1947 as the Chhattisgarh Division of the Central Provinces. Raipur gained prominence over the capital Ratanpur with the advent of the British in 1845. In 1905, the Sambalpur district was transferred to Odisha and the estates of Surguja were transferred from Bengal to Chhattisgarh.

The area constituting the new state merged into Madhya Pradesh on 1 November 1956, under the States Reorganisation Act, 1956 and remained a part of that state for 44 years. Prior to its becoming a part of the new state of Madhya Pradesh, the region was part of old Madhya Pradesh State, with its capital at Bhopal. Prior to that, the region was part of the Central Provinces and Berar (CP and Berar) under British rule. Some areas constituting the Chhattisgarh state were princely states under the British rule, but later on were merged into Madhya Pradesh.

MANTRALAYA IN NAYA (NEW) RAIPUR

The present state of Chhattisgarh was carved out of Madhya Pradesh on 1 November 2000. The demand for a separate state was first raised in the 1920s. Similar demands kept cropping up at regular intervals; however, a well-organised movement was never launched. Several all-party platforms were formed and they usually resolved around petitions, public meetings, seminars, rallies and strikes. A demand for separate Chhattisgarh was raised in 1924 by the Raipur Congress unit and also discussed in the Annual Session of the Indian Congress at Tripuri. A discussion also took place of forming a Regional Congress organisation for Chhattisgarh. When the State Reorganisation Commission was set up in 1954, the demand for a separate Chhattisgarh was put forward but was not accepted. In 1955, a demand for a separate state was raised in the Nagpur assembly of the then state of Madhya Bharat.

GOVERNANCE

Government of Chhattisgarh and Legislative Assembly of Chhattisgarh

The State Legislative assembly is composed of 90 members of the Legislative Assembly. There are 11 members of the Lok Sabha from Chhattisgarh. The Rajya Sabha has five members from the state.

ADMINISTRATION

Chhattisgarh state consists of 5 divisions with 28 districts (one new district named "Gaurela-Pendra-Marwahi" created with effect from 10 February 2020).

OBJECTIVES:

- To promote Chhattisgarh as a film shooting destination in the National and International Market.
- To boost the brand image of CG as well as add to the image value of the Department as one of forward thinking and innovative.
- To introduce a smooth system for granting permission to Film Producers for shooting films in CG and provide them consolidated information on instructions/guidelines issued by various Departments of CG.
- To clearly set out the Do's and Don'ts with regard to Shooting of films in order to protect the environment damage to historical monuments and infrastructure and ensure that security considerations are not compromised.
- To provide assistance to the film maker, which the Facilitation Cell regards as needed, based on the applicants requests.

Process of Single Window Dashboard:

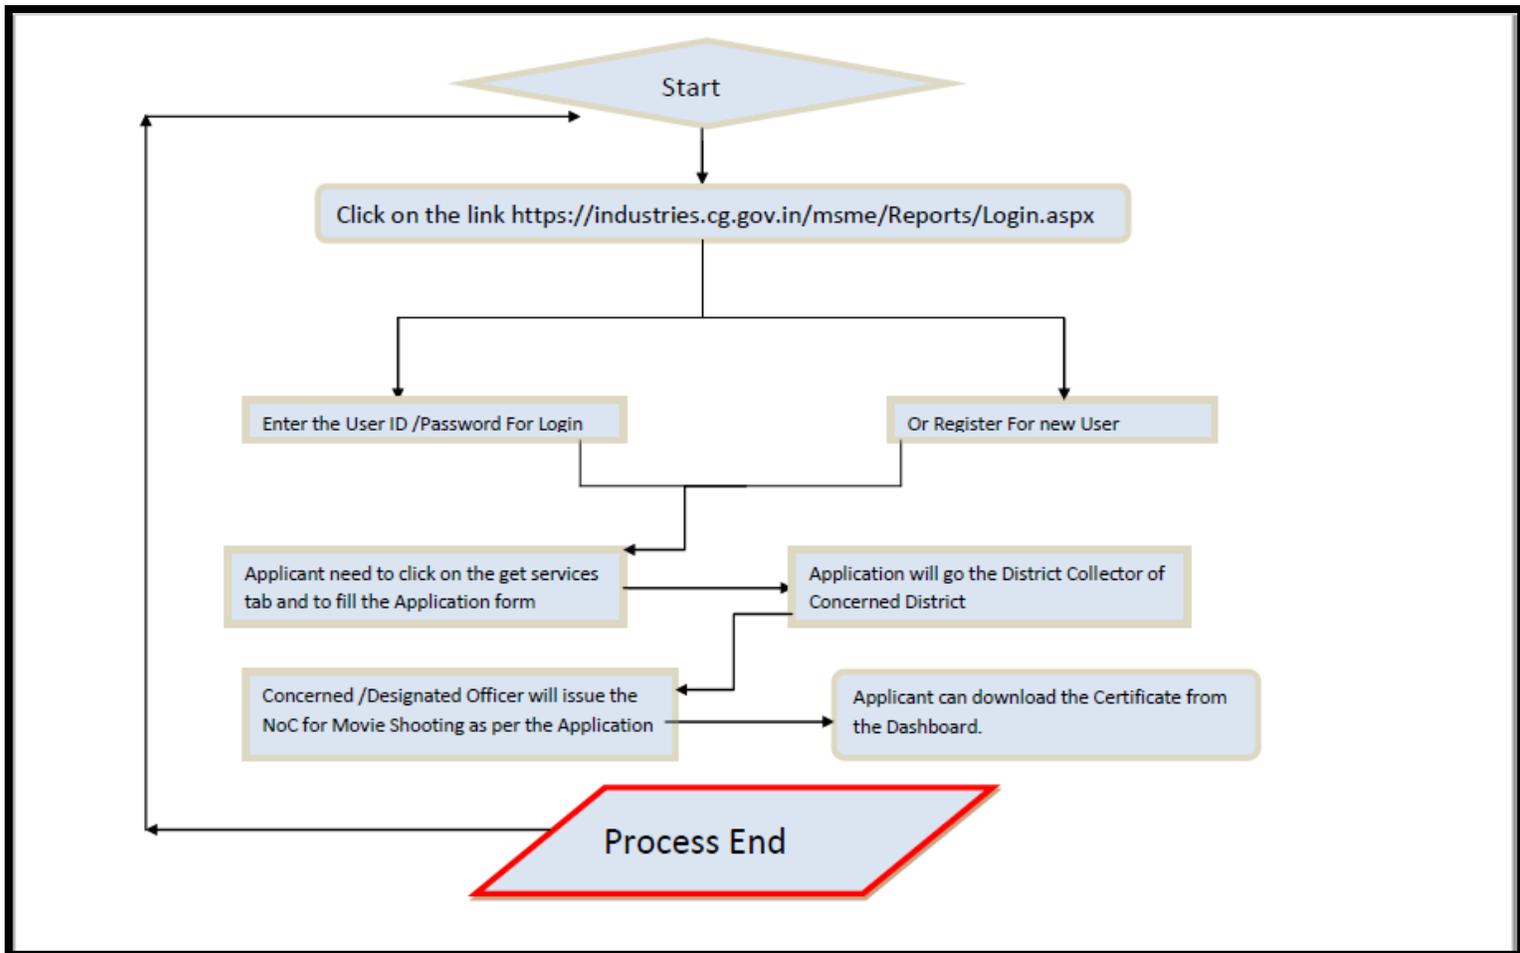

1. For Movie Shooting Permission:

For Movie Shooting Permission the applicant go to the portal

<https://movieshoot.cgculture.in/>

1. If applicant comes one time in portal it must be to register through valid mail id.
2. After successful registration verification link goes to applicant registered mail id to activate Account.
3. After Account Verification page will be redirect to login page automatically.
4. Now user can entered mail ID and password (which is generated by itself on the time of registration) to entered in the portal.
5. After Successful login user can appear Dashboard.
6. Click Shooting permit form menu to open form.
7. Applicant Fill All the required details in different 3 step form.

1. Flowchart of the Application Process

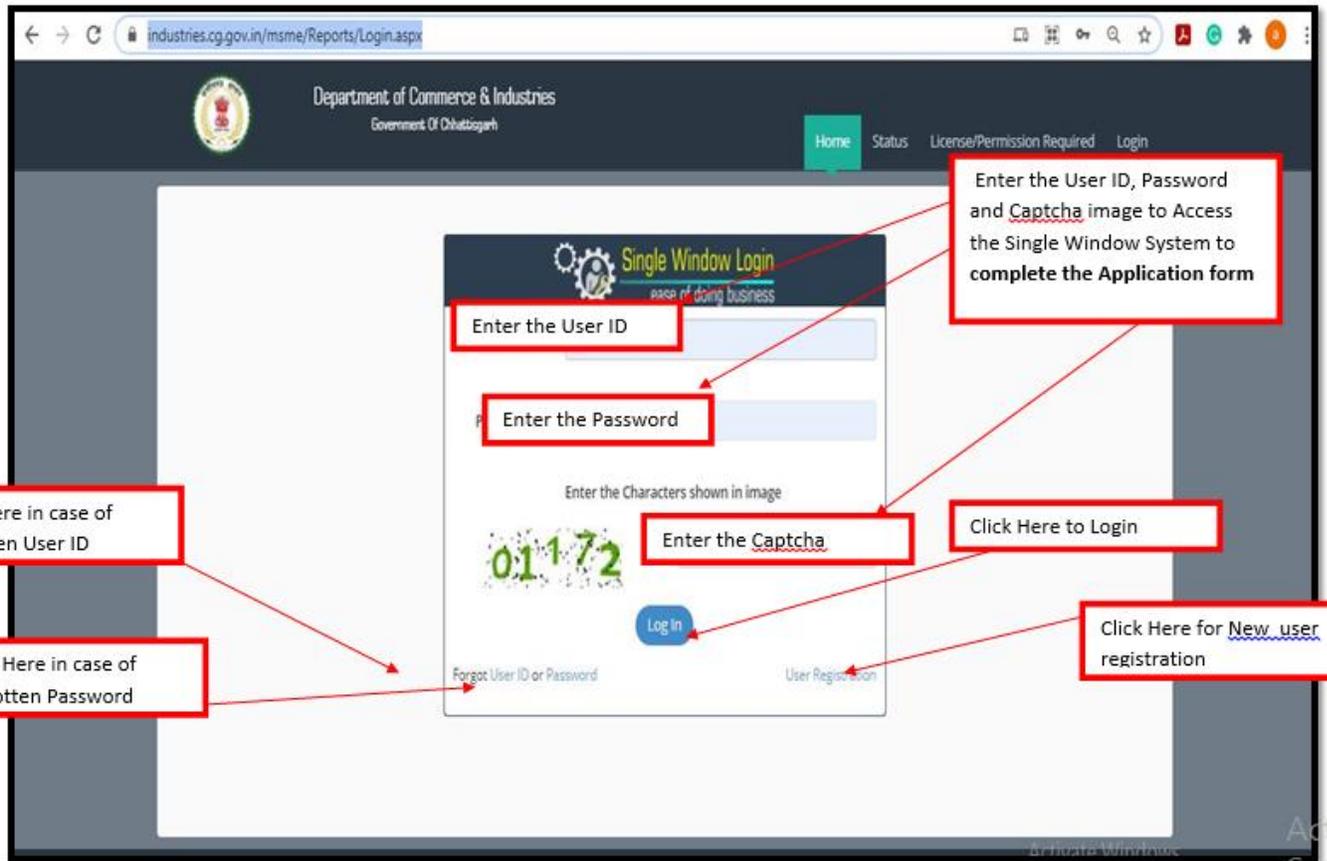

Click on the link to open single window for movie shooting

2. Single Window Portal for Movie shooting- <https://industries.cg.gov.in/>

The screenshot shows the website industries.cg.gov.in. The header includes the Department of Commerce & Industries logo and navigation links: Advantage Chhattisgarh, Start-up Chhattisgarh, Investment Opportunities, Service Charter, License/Permission Required, Single Window Login, Verification, and About Us. A sidebar on the left lists: Home, Ease of Doing Business, Policies & Acts, Notifications, MMYSI, Useful Links, Sample Project Profiles, Model Code of Contract, Export/Import, Chhattisgarh Map, and Photo Gallery. The main content area features a 'Highlights of Key Reforms Implemented' section with three items: 'Construction Permit' (online system and single window system), 'Central Inspection Agency (CIA)' (synchronized compliance inspections), and 'Chhattisgarh Tax Portal' (online payment and registration). A red box highlights the 'Click Here for Login' link under the Tax Portal. Below this are four data cards: 'Udyam Aankasha/ Unit Registration' (60415), 'STAMP Duty Exemption' (2982), 'Production' (2709), and 'Priority Sector' (477). An 'Activate Windows' watermark is visible at the bottom right.

<https://industries.cg.gov.in/msme/Reports/Login.aspx>

After clicking the above mentioned link the user will enter into the login page.

The screenshot shows the user interface of the Department of Commerce & Industries, Government of Chhattisgarh. The page is titled "Registered Units" and displays a table of units. A red box highlights a text instruction: "After Login the user need to click on the services Tab and then click on the get services". Red arrows point from this box to the "Services" button in the first row of the table and to the "Get Services" button in the second row. A tooltip for the "Get Services" button reads: "Production Certificate and other applicable services like renewal of boiler, shop & establishment, factory license can be applied here." The table contains the following data:

S.N.	Unit Location	Registration Number	Status	Services	Incentives
1.	Birgaon (M) - 802033, Raipur - 410			Common Application Form, Services	Incentives
2.	Saraipali - 445922, Saraipali - 03340, Mahasamund - 411	12401352235508		Common Application Form, Get Services	Incentives
3.	Raipur (M Corp. + OG) - 802034, Raipur - 03332, Raipur - 410	12103109467268	0	Clearance, Get Services, Update Service	Incentives
4.	Sitara (CT) - 444782, Raipur - 03332, Raipur - 410	11202580080675	0	Clearance, Services	Incentives

The screenshot shows the website interface for the Department of Commerce & Industries, Government of Chhattisgarh. The header includes the department's name and logo, and navigation links for Home, Profile, Help, and Sectoral License. Below the header, there are three status indicators: Rejected (0), Certificate (0), and Cancelled Certificate (0). The main content area features three service cards, each with a dark blue header and a light blue body. The first card is titled 'Revenue' and contains the text 'Status of Revenue Application' and an 'Apply Now' button. The second card is titled 'Shop Establishment and Trade Licence' and contains the text 'Application For Shop Establishment and Trade Licence' and an 'Apply Now' button. The third card is titled 'Form to Seek Film Shooting Permit in Chhattisgarh' and contains an 'Apply Now' button. A red box highlights the text 'In the next step The Applicant needs to click on the Apply Now Tab' with a red arrow pointing to the 'Apply Now' button of the third card.

In the next step The Applicant needs to click on the Apply Now Tab
